GIANT DARWIN TULIPS

This is one of the very best for massing or border planting ever offered, and prices are **HARD TIME PRICES**.

Bulbs are all flowering size and are prepaid to any part of the world. I will send 100 of each kind of nine (9) varieties prepaid to any part of the world for \$20.00. This is the very best price ever offered on any such varieties. Try them and have a wonderful Tulip Garden in May or June.

39c per doz. \$2.75 per 100

BARTIGON—Fiery scarlet.
CLARA BUTT—Clear pink
JOHN RUSKIN—Apricot rose
LA TULIPE NOIRE—Deep maroon
MME. KRELAGE—Lilac rose
PRIDE OF HAARLEM—Rose carmine
PRINCESS ELIZABETH—Rose pink
YELLOW DARWIN—Yellow
WILLIAM COPELAND—Lilac

BREEDER TULIPS

These are The Old Dutch Tulips and are of enormous size, borne on long stems, extra strong. Colors are different from all others and are fine for cutting and massing, much like the Darwin in habit and growth. 47c per doz. \$3.00 per 100. 100 of each kind for \$15.00 prepaid, all flowering bulbs.

AMAZONE—Violet
BRONZE KING—Bronze
BUTTERFLY—Lilac
DON PEDRO—Deep crimson
MOONLIGHT—Yellow
WARRIOR CHIEF—Bronze red

MIXED TULIPS

These mixtures contain a larger range of colors than any offered before, and are my own mixtures selected from a large list of named varieties. Try some of them and have a beautiful range of all colors of the Rainbow. These are especially fine planted among Evergreens.

SPECIAL DARWIN RAINBOW Mixture

35c per doz., 3 doz. for \$1.00, or 100 for \$2.50 prepaid.

This is one of the very best Tulips ever offered in a Special mixture.

EARLY SINGLE MIXED TULIPS

These are used for massing in lawns or borders, a fine mixture. 35c per doz., 3 doz. for \$1.00, 100 for \$2.50 prepaid.

DOUBLE MIXED TULIPS

Finest mixture ever offered 50c per doz. \$3.50 per 100.

CROCUS, SPRING FLOWERING, THE HERALDS OF SPRING

35c per doz., \$2.50 per 100. All flowering size bulbs.

NARCISSI

Daffodils and Jonquils for outside planting during the Fall. Plant 4-6 inches deep, 5 in. apart.

ALBUS plenus odoratus 65c per doz., \$5.00 per 100. Beautiful large white double flowers, sweet scented.

EMPEROR (Ajax Type) \$1.50 per doz. \$9.00 per 100. Large flowering yellow trumpet, deep primrose perianth.

KING ALFRED \$1.50 per doz., \$10.00 per 100. A giant handsome daffodil, unrivaled in size, and beautiful golden-yellow flowers, deeply frilled mouth.

POETICUS 75c per doz. \$6.50 per 100. Pure white, one of the best for naturalizing.

FANCY MIXED NARCISSI

This mixture consists of all the leading varieties. 65c per doz., \$4.50 per 100.

SCILLA (Campanulata Blue) Heavenly Blue

40c per doz., \$3.00 per 100.

HYACINTHS

Special mixed, flowering size bulbs. \$1.50 per doz.

THE IRIS

FLEUR de LIS or IRIS GERMANICA

One of the most beautiful flowers at Memorial Day or a little later. Most of them flower in June in this climate. 15c each, \$1.50 per doz., \$8.00 per 100, or the six that are starred for 69c.

ALCAZAR, one of the largest grown, a light bluish-violet, falls a brilliant purple.

***CANDELABRA**. Pale lavender, violet at base.

CAPRICE. Rose-red, fine.

***FLAVESCENS**. Soft yellow.

***HONORABILIS**. Golden yellow, bronze falls.

DR. BERNICE. Bronze yellow, maroon-red falls.

KOCHI or **NIGHT**. Deep rich purple; early.

LOHENGRIN. Catalyea-rose, large.

LORELEY. Lemon-yellow, marine blue falls, large.

LORD SALISBURY. Lavender, smoky fawn falls.

***MADAME CHEREAU**—White with lilac edge on falls.

MONSIGNOR. Violet and purple.

MRS. H. DARWIN. Pure white.

- NIBELUNGEN. Fawn-yellow, violet purple falls.
 PALLIDA DALMATICA. A clear lavender, tall.
 ROSE UNIQUE. Bright violet-rose.
 *PRINCESS VICTORIA LOUISE. Light yellow, plum colored falls.
 QUEEN OF MAY. Old rose.
 QUEEN OF THE GYPSIES. Smoky-bronze, purple-red falls.
 RHEIN NIXE. Pure white, deep violet-blue falls.
 SEA GULL. White, mottled blue falls.
 SHERWINWRIGHT. Deep golden yellow.
 *WYOMISSING. Cream white, soft rose falls.

SIBERICA IRIS

This is one of the finest Iris for water pools or Rockery ever offered. 15c each, \$1.00 per doz., \$6.00 per 100. This is wholesale price, prepaid.

- SIBERICA BLUE. A rich blue.
 SIBERICA WHITE. Snow white.

JAPANESE IRIS—IRIS KAEMPFERI

The Japanese is King of all Iris and flowers when all other Iris is through blooming. They will grow and flower in any garden soil, but should be mulched the first season if planted in Fall with any kind of mulching to protect them from the frost throwing the bulbs out of the ground over Winter. They will generally bloom the following June or July. Flowering spikes grow from 3½ to 4 feet high with flowers of the most gorgeous coloring, flowers measuring from 6 to 8 inches in diameter.

These are all large double varieties and are the most showy of any flower in the garden, strong divisions, and this is one of the very best offers ever made on this wonderful Iris, all field grown. 35c each, 3 of any one kind for \$1.00 or 1 each of the 11 varieties for \$3.00 prepaid.

- No.
 8 AMISKOOKI. White, with six petals.
 10 DATEDOGUE. Late, six petal white splashed violet.
 6 GENJIYAMA. Standards and falls dark purple.
 16 GOLD BOUND. A very large white; one of the best.
 1 KAGARIBI. A beautiful reddish lavender.
 61 KMOCHI-GUMA. Deep violet purple.
 4 KUMA-FUNGIN (Excited Bear) Purple blue, very large and no better grown.
 17 KUMO-NO-UYE. Deep purple with yellow center.
 12 MANADZURA. White, closely veined light blue.
 13 TAKARA-DAMA. Rich purple with yellow bars.
 3 TEMPLETON. Violet, mottled pink.

These are all three-petal varieties and are very graceful and showy planted among Evergreens or for border planting. 20c each, 6 of any one variety \$1.00 or 12 all different \$2.00.

- No.
 39 A. L. SHERWOOD. Lavender, pink and white.
 7 GINGYOKU. Pure white with yellow bar.
 45 HATSUKAMURI. Purple and blue.
 22 HOREN. White with orange blotch.
 48 KBATA. Clear purple, fine.
 37 KOHIO-HARE. Light lavender, veined purple.
 2 OTOMENEWOODE. Royal purple.
 27 OYODO. Three large petals of maroon with yellow bars.
 21 MEIRAN. Light lilac, veined purple.
 9 WASI-BAURI. Pure white veined violet blue.
 71 WHITE SWAN. Pure white, fine.
 15 YEZONISHITAI. Red lavender, shaded purple.

LILIUM

LILIUM REGALE. (Royal Lily.) Enormous white flowers shaded pink or purple with a yellow center. Probably the easiest of the white lilies to grow, and will grow almost anywhere. Blooming size, 25c, \$2.50 doz.

TIGER LILY. Flowering in August, very bright red, thickly covered with large purple spots in a pyramidal cluster, 3 feet high. 25c, \$2.00 doz.

HEMEROCALLIS—YELLOW DAY LILY

Popular hardy plants, belonging to the Lily family. They succeed everywhere and should always be included in the border of old fashioned, hardy plants.

APRICOT. Rich apricot-colored flowers. Plants grow 2½ feet tall. 25 cents; \$2.00 doz.

AURANTIACA. (Carolina Lily.) A beautiful, large trumpet-shaped Day Lily with fragrant orange flowers. One of the most satisfactory; height 2 to 3 feet; flowers in June and July. Easy to grow. 25c; \$2.00 doz.

FLAVA. (Yellow Day Lily.) The best known variety; very fragrant, deep, clear lemon-yellow; flowers in June; height 2 to 3 feet. 25c; \$2.00 doz.

PEONIES

I am offering my customers this Fall an exceptional buy of over fifty varieties of named Peonies in a mixture, without names, some of which sold in the past for \$3.00 to \$5.00 each, as long as they last, for 25c each, \$1.50 doz. I have over 4½ acres to dispose of and this is a fine mixture, of strong 3-5 eye divisions or roots, which will flower the following season if properly cared for. Plant crowns, where eyes are, fully 3 inches below ground. Try this wonderful bargain on Peonies, and if you can use 100, I will sell for \$12.00 prepaid. 25c each, \$1.50 doz., \$12.00 per 100, all colors and types.

HARDY PERENNIAL PHLOX

Among hardy herbaceous plants, none are more showy or more easily grown than the Phlox. They are very desirable planted in groups. Individual clumps throughout perennial beds make a very satisfactory display, while mass plantings of one color make the most effective showing.

They produce magnificent trusses of flowers, commencing to bloom in July, and lasting for weeks, making them always favorites of the garden. Their flowers have a very agreeable odor, and are produced in abundance. The plants are perfectly hardy and will grow year after year with but little care. I recommend frequent cultivation, however, as they quickly respond to it, producing much larger trusses, and larger and more beautiful individual flowers. Simply keep the ground clear of weeds and well hoed. They will grow and do well in any soil; but prefer a good rich well-drained loam. They may be planted in the Fall during August, September and October; and in the Spring during April, May, and until the plants are too far advanced in June. In planting be sure that the crown of the root, that is, the part where the new shoots start, is two inches below the surface of the ground.

25c each, \$2.00 doz.

ADELPHIAN. New seedling of great merit. Deep pink with red eye. Very beautiful and showy. Large heads will grow 3 feet high. Flowers the latter part of July to September.

ALBION. White with faint red eye.

AMERICA. A new seedling. Color a beautiful deep rose shade with crimson eye. Strong grower with large trusses blooming from August first to the last of September. 2½ to 3 feet high.

ATHIS OR LOTHAIR. Deep clear salmon. Very fine.

B. COMTE. Dark red, very large trusses, not so tall a grower as many others.

BEACON. Brilliant cherry-red, one of the best red shades grown.

BRIDESMAID. White with large rose-crimson center. Very showy and desirable.

ECLAIREUR. Bright carmine with light halo. Large flower.

FIREBRAND. Bright red with deeper center.

GRUPPENKOENOGIN. Deep mallow pink with tyrian rose eye. Very large trusses; individual flower of enormous size.

JEANNE D'ARC or SNOW QUEEN. Undoubtedly the very finest pure-white variety to date. The plants are extra-strong growers of medium height, producing exceptionally large heads.

JOHNSON'S FAVORITE. Light salmon-pink with a dark red eye, resembling Elizabeth Campbell, but far superior in every way.

JULIUS SANDEAU. Large, fine, very free-flowering, pure white.

L'ESPERANCE. A light lavender-pink with a white center.

LORD RALEIGH. Purple.

MAID MARIAN. A soft shade of lavender, very even in color.

MRS. CHAS. DORR. A very beautiful shade of lavender.

MRS. MILLIE VON HOBOKEN. Pure soft pink without eye. Large flower heads on long, erect stems.

PANTHEON. Brilliant rose with lighter center; a very effective combination.

PROF. VIRCHOW. Bright carmine, overlaid with orange-scarlet.

R. P. STRUTHERS. Very strong grower with large heads of fiery salmon-red. Very showy.

RICHARD WALLACE. White with distinct violet eye.

THOR. A most beautiful and lively shade of deep salmon-pink, suffused and overlaid with a scarlet glow; with a light, almost white halo surrounding the aniline-red eye. Gigantic size.

WIDAR. Pure purple with a prominent white center.

MIXED PHLOX

We have an extra-fine assortment of Mixed Phlox, consisting of the best varieties to date. The mixture contains the following colors: Crimson, scarlet, violet, lavender, pink, white, variegated or striped varieties, and the above mentioned colors with deeper colored eyes. \$1.00 per dozen, \$6.00 per 100.

HARDY PERENNIALS

We are sure that nothing gives our customers greater satisfaction about their grounds than a well-arranged flower garden of Hardy Plants. Once planted they make a permanent bed and are therefore less trouble and expense than where tender plants are used, and while they are of the easiest culture, do better with less care than most other varieties.

ACHILLEA—"The Pearl"

A Summer-blooming variety, worthy of a place in every garden. The flowers are pure white, very double, and are produced in large sprays on long stems. 18 inches. 25c each, \$2.00 doz.

AFRICAN DAISY, OXEYE

This is one of the most beautiful orange-yellow daisies ever grown, with deep brownish center; flowers are borne on long, stiff stems, 2 to 3 feet high, very free, and never drop their petals. Finest cut flower in the world. 25c each, \$2.00 doz.

AQUILEGIAS or COLUMBINES

The Columbines are one of the most elegant and beautiful of hardy plants, producing their graceful spurred flowers on stems rising two or more feet above a beautifully divided foliage. No other plant has so airy a grace as the Columbine.

COERULEA HYBRIDS. (Rocky Mountain Columbines). Including all the well-known colors and shades, blue, pink, red, salmon and yellow. 25c, \$2.00 doz.

LONG-SPURRED HYBRIDS. All colors. 25c, \$2.00 doz.

A. FORMOSA. (Long-spurred Hybrids). Blackmore and Langdon

strain; a wealth of delicate coloring with spurs extra long and fine. 25c, \$2.00 doz.

ARABIS—Rock Cress

ARABIS, ALPINA. Small white flowers, in clusters, one of the best rock-garden plants. 25c, \$2.00 doz.

ARMERIA—THRIFT

These are fine for rock gardens or for edging plants, growing from 3 to 6 inches high, with wonderful blooms in May and June, in red, pink, lavender-pink and white. 25c, \$2.00 doz.

ARTEMISIA

A. VULGARIS LACTIFLORA. (White Mugwort.) 2 to 3 feet. August and September. This introduction from China bears sprays of creamy white flowers on tall, erect stems. Dark green foliage. A fine cut flower. 25c, \$2.00 doz.

ASTILBE

ASTILBE, QUEEN ALEXANDER. Beautiful pink flowers on plants 12 to 18 inches tall. 25c, \$2.50 doz.

W. E. GLADSTONE. Pure white, fine for cutting. 25c, \$2.00 doz.

BUDDLEIA or BUTTERFLY BUSH

BUDDLEIA, VARIABILIS VIETCHIANA. Beautiful violet-mauve flowers, with a distinctive odor. A continuous and very satisfactory Summer-flowering plant. Flowers are borne on long, cylindrical spikes, 6 to 12 inches in length. 35c, \$3.00 doz.

CAMPANULA—Bellflower

C. TRACHELIUM. (Coventry Bells.) A good border plant 18 in. to 2 feet in height with large racemes of mixed color, bell-shaped flowers which droop a little. 25c, \$2.00 doz.

CHIDE

A fine border perennial with onion-like foliage and masses of lavender-pink flowers. 25c, \$1.50 doz.

COREOPSIS

Large, cosmos-like flowers of pure yellow. An excellent showy garden plant, continuous bloomer. 25c, \$1.50 doz.

DELPHINIUM or HARDY LARKSPUR

Perennial Larkspur may be planted as soon as Spring has opened and until Fall and they will repay any special care that may be given them.

HOLLYHOCK VARIETIES from the greatest Delphinium grower in the world, Blackmore and Langdon. Special select mixed seedlings. Some of the flowering spikes grow over three feet long, plants even seven feet tall, and some even much higher. The most wonderful Delphinium ever offered. 50c each, \$5.00 dozen.

GOLD MEDAL STRAIN HYBRIDS. Blackmore and Langdon; these grow 3 to 5 feet high in some of the most beautiful colorings ever seen in Delphinium—in a mixture—and will flower three times in a season. After your flowering spikes have finished blooming, cut them down close to crowns, and they will start new flowering shoots at once, and you can do this three times a season. 25c each, \$2.50 doz.

DICENTRA

D. SPECTABILIS. (Bleeding Heart.) Large, rose-red, heart-shaped flowers, in April and July. An old-fashioned favorite. 25c each, \$2.50 doz.

GAILLARDIA

GAILLARDIA ARISTATA. The blooms are 2 to 3 inches across, with dark red and brown centers, orange, crimson and red rays shaped into rings of colors. 25c, \$2.50 doz.

GYPSOPHILA—BABY'S BREATH

GYPSOPHILA PANICULATA. (Bristol Fairy). A highly improved form of Double Baby's Breath, with larger flowers and blooming two weeks earlier. The stock is still very limited. 35c.

HEUCHERA—ALUM-ROOT

H. BRIZOIDES. (Pink Bells.) Dwarf, compact bushy plants growing from 1½ to 2 feet high, flowering during July and August, with delicate, rosy-carmine flowers on slender red stems. 25c, \$2.00 doz.

HOSTA (Funkia)—PLAINTAIN LILY

HOSTA CAERULEA. (Blue Plaintain Lily.) Shade-loving plants that look well just at the edge of a heavy shrub border. Shiny foliage and lavender-blue flowers. 25c, \$2.00 doz.

HOSTA VARIEGATA. Blue flowers and a fine foliage plant with leaves variegated with white. 25c, \$2.00 doz.

IBERIS—CANDYTUFT

IBERIS SEMPERVIRENS. Spreading habit and distinctly narrow foliage. Flowers pure white, covering the plant. 25c, \$2.00 doz.

LAVANDULA

L. SPICA. (Spike Lavender.) Grows about 1 foot and blooms July and August with short, dense spikes of fragrant blue flowers. 25c, \$2.50 doz.

LIATRIS—CAT-TAIL GAYFEATHER

LIATRIS PYCNOSTACHYA. A striking plant with great rocket-like spikes of pale purple flowers which start to open at the top of the spike. Will grow 4 feet high. 25c, \$2.00 doz.

LUPINUS

THE LUPINES are a coming flower. While they have been grown to a limited extent, they are now becoming very popular and will grow in very dry, sandy places and come in mixed colors. 25c, \$2.00 doz.

LYCHNIS—CAMPION

L. CAHLCEDONICA. (Maltese Cross.) A most desirable plant blooming in June and July with heads of brilliant orange-scarlet flowers; grows 2 to 3 feet high. 25c, \$2.00 doz.

L. VISCARIA FLORE-PLENO. (Double Rose-pink Campion.) A distinct variety with large double rose-colored flowers blooming in June and July; 12 to 15 inches high. 25c, \$2.50 doz.

MONARDA—BEEBALM

15c, \$1.50 doz.

MONARDA DIDYMA. (Oswego Beebalm.) Showy flowers of brilliant scarlet in rich profusion, blooming from June to September.

M. DIDYMA ROSEA. Same characteristics as above, but flowers are reddish rose in color.

M. DIDYMA VIOLACEA SUPERBA. (Amaranth Beebalm.) A very distinct sort with purple-red flowers.

PHYSOSTEGIA

PHYSOSTEGIA VIRGINIANA. (Ladies' Pink.) Long spikes of soft rose flowers; excellent for cutting. It produces its flowers during July, August. Height 18 inches to 2 feet. 25c, \$2.00 doz.

PHLOX SUBULATA

25c each, \$2.00 doz.

(Moss Pink.)

PHLOX SUBULATA. Dwarf Moss Pinks. A much-prized old-time garden plant, useful for colonizing, where it is desired to cover the earth with a tufted, dense, evergreen mat. It is much used in cemeteries, rockeries, for borders, and old-fashioned gardens. Blooms profusely in the Spring and is sweetly scented.

ALBA. Pure White.

AMOENA. 4 to 5 inches, flowers in April and May. Bright pink flowers in clusters.

BLUE HILLS. Lavender blue.

LILACIANA. Flowers clear lilac.

ROSA. Soft pink, very showy.

HARDY HYBRID ORIENTAL POPPIES

THE ORIENTAL POPPIES are unrivaled in their bright oriental colorings ranging from silvery white, soft pink, and reddish salmon to deep blood crimson and maroon. 35c each, \$2.50 doz.

PYRETHRUM

PYRETHRUM. A very pretty hardy plant with fern-like foliage resembling the daisy in form, but more beautiful colorings of pink, deep pink, red, lavender and white; fine for rock gardens. 25 cents; \$2.50 doz.

RANUNCULUS—BUTTERCUP

ACRIS FL. PL. Tall, double Buttercup. 25 cents;; \$2.00 doz.

REPENS. Creeping Buttercup. 15 cents each, \$1.50 doz.

RUDBECKIA—CONE FLOWER

GOLDEN GLOW. A well-known popular plant, strong, robust grower, attaining a height of 5 to 6 feet; produces masses of double golden-yellow flowers from July to September. 15 cents each; \$1.50 doz.

SEDUM—STONECROP

25 cents; \$2.00 dozen.

S. ALBUM. White Stonecrop. A creeping variety, small foliage and tiny white flowers.

S. KAMTSCHATICUM. Orange Stonecrop. Bright evergreen foliage, golden flowers in flat clusters.

S. PRUINATUM FORSTERIANUM. Small tufted plant with round bunches of tiny yellow flowers.

S. SARMENTOSUM. Stringy Stonecrop. A slender creeping plant, with whorled, threadlike leaves and flat heads of small, fleshy, yellow flowers.

S. SEXANGULARE. Hexagon Stonecrop. Very slender stemmed plant with tiny yellow flowers.

S. SPECTABILE. Shory Stonecrop. Erect-growing plant with large heads of rose-colored flowers.

S. STOLONIFERUM. Running Stonecrop. A trailing plant with flat leaves and pink flowers.

SHASTA DAISY (Burbank)

ALASKA. Large pure white. 25 cents; \$2.00 dozen.

ASIA. Large, semi-double, pure white. 25 cents; \$2.00 dozen.

SPIRAEA OR ASTILBE

(Goat's Beard, Meadow Sweet.)

Elegant border plants with feathery plumes of flowers and neat, attractive foliage; succeeds best in a half-shaded location in rich, moist soil.

FILIPENDULA FL. PL. (Double-flowered Dropwort.) Numerous corymbs of double white flowers; buds tinted rose-pink; produced on stems 15 to 18 inches high, during June and July. Finely cut distinctive fern-like foliage. 25 cents; \$2.50 dozen.

THERMOPSIS

THERMOPSIS CAROLINIANA. A tall plant, growing from 3 to 4 feet, blooming in June and July along the upper part of the stalk in pear-shaped blossoms of clear sulphur-yellow. 25 cents; \$2.50 dozen.

TRADESCANTIA—SPIDERWORT

TRADESCANTIA ALBA. An all-around plant for wet or dry, sunny or shady situations, continuing in bloom from early Summer until frost. Pure white, three-petaled flowers in clusters on long stems, and long pointed foliage. Height 2 feet. 15 cents; \$1.50 dozen.

TRADESCANTIA VIRGINIANA. An old garden plant, with grass-like foliage and violet-blue flowers all summer. Height 2 feet. 15 cents; \$1.50 dozen.

TRITOMA—THE EVERLASTING FLAME FLOWER

Plants are perfectly hardy in the open ground all winter south of Philadelphia; further north they must be protected or wintered in a cellar. Just bury the roots in sand; nothing more is required. Should be planted out early in Spring, and will commence growth and bloom at once. Flame-colored flowers of indescribable beauty and brilliancy. Fall frosts do not kill or stop its blooming. 25 cents; \$2.50 dozen.

VERONICA—SPEEDWELL

VERONICA RUPESTRIS. (Heavenly Blue.) A splendid light blue, 18 inches to 2 feet. 25 cents; \$2.50 dozen.

VERONICA SPICATA. (Spike Speedwell.) Eighteen inches, June to July, long spikes of violet-blue flowers, one of the best plants for a sunny border. 25 cents; \$2.50 dozen.

YUCCA—ADAM'S NEEDLE

YUCCA FILAMENTOSA. A stately foliage and flowering plant equally imposing in solitary or group planting; always conspicuous. The broad sword-like foliage is evergreen, while in mid-summer it shows great erect, branching stems, bearing a showy display of pendant, creamy white bells. 35c; \$2.50 dozen. Larger Plants 50c; \$5.00 dozen.

VERBASCUM—MULLEIN

VERBASCUM PHOENICEUM. (Purple Mullein.) Flat rosettes of crinkly wooly leaves from which rise slender spikes of rosy-violet flowers. 25 cents; \$2.50 dozen.

ORNAMENTAL AND FLOWERING SHRUBS

BERBERIS—BARBERRY

BERBERIS THUNBERGII. Where a low, dwarf, deciduous hedge is wanted, nothing equals this beautiful Barberry. It is spreading of habit, growing extremely thick right from the base and requires but little pruning to keep it in shape. The leaves are small, light green, and toward Fall assume rich, brilliant color, the fruit or berries becoming scarlet; absolutely hardy in all parts of the country.

	Doz.	100
10 to 15 inches	\$1.50	\$10.00
15 to 18 inches	2.50	12.00
18 to 24 inches	3.00	18.00
24 to 30 inches	3.50	25.00

BLACK WALNUT

Well known as a sturdy, dense shade tree, wide-spreading and perfect in form. I offer strong, healthy, well-shaped seedlings.

	Each
15 to 18 inches	\$1.00

CALIFORNIA PRIVET

Of all ornamental hedge plants this is the most popular and more of it is planted than all others combined. Its foliage is a rich, dark green and is nearly evergreen, remaining on the plant until mid-winter. It is of free growth and succeeds under the most adverse conditions, such as, under dense shade of trees where other plants do not exist.

To form a dense hedge from the base up the plants should be severely pruned the first two seasons. Plant the one-year-old size 8 inches apart in the row, the larger sizes 10 to 12 inches apart.

	Doz.	100
Strong two year, 18 to 24 inches	\$1.00	\$8.00
Strong, bushy, three-year, 24 to 3 inches	1.50	10.00

CLIMBING ROSES

DOROTHY PERKINS. Immense clusters of tiny exquisitely formed little roses of rich, shell-pink in varying shades. 75 cents.

EXCELSIOR. Same as Dorothy Perkins in every respect, except the flowers are bright, light crimson. 75 cents.

PAUL'S SCARLET CLIMBER. Brilliant scarlet flowers of large size on a moderately growing plant suitable for tying to a post or pillar. \$1.00 each.

DEUTZIA

We are indebted to Japan for this valuable genus of plants. Their hardihood, fine habit, luxuriant foliage and profusion of attractive flowers place them among the most beautiful and most popular of flowering shrubs. Flowers in June and through July.

PRIDE OF ROCHESTER. A variety of Deutzia Crenata Flore Plena, producing large, double white flowers; backs of the petals slightly tinted with rose. It excels all the older sorts in size of flower, length of panicle, profuseness of bloom and vigorous habit; blooms nearly a week earlier.

	Each	Dozen
36 to 48 inches	\$.50	\$5.00
4 to 5 feet specimen bushes	1.00	10.00

FORSYTHIA—GOLDEN BELL

Familiar to all as the shrub that blooms in the very early spring with its tender yellow blooms on leafless branches, showy and spectacular. 3 to 4 feet. 75c each.

HYDRANGEA

HYDRANGEA ARBORESCENS GRANDIFLORA. (Snowball Hydrangea.) This magnificent, perfectly hardy American shrub has snow-white blossoms of largest size. One of its most valuable characteristics it is coming into bloom just after the passing of all the early Spring Shrubs, while its long flowering season,

from early June until late August, makes it a valuable acquisition in any garden. Small plants, 50 cents; \$5.00 dozen; specimen plants, 75c each.

HYDRANGEA PANICULATA GRANDIFLORA. Without doubt the best known and most popular Autumn flowering shrub in cultivation at the present time. The flowers, which are borne in dense, pyramidal panicles a foot long in the greatest profusion, are white when they first open, but gradually change to rose color, and remain in good condition for weeks. Good size plants, 50 cents; Specimen plants, 75c each.

KOLKOWITZIA AMABILIS (Beautybush) A free growing shrub with tubular pink flowers produced abundantly in rounded clusters the whole length of the branches.

2 1/2 - 3 1/2 feet 75c each, \$7.50 dozen
 3 1/2 - 4 1/2 feet \$1.00 each; \$10.00 dozen

LONICERA—HONEYSUCKLE

LONICERA JAPONICA HALLIANA. (Hall Japanese Honeysuckle.) A vigorous grower with fragrant yellow and white flowers from midsummer to frost. This makes a good ground cover. 35c each! \$2.50 doz.

PRUNUS—ALMOND

PRUNUS GLANDULOSA. (Double Pink-Flowering Almond.) Very double, rose-colored flowers in great profusion in the early Spring. A charming early flowering shrub.

2 to 3 feet 75c each

P. LANDULOSA SINENSIS. Similar to the above, but producing an abundance of double white flowers.

2 to 3 feet 75c each

R. HUGONIS—(Hugonis Rose)

A big arching shrub, spiny stems and somewhat feathery foliage of pale green. The flowers are single, yellow in color and followed by red, translucent fruit.

2 to 3 feet \$1.00 each

ROSA RUGOSA

A stout shrub growing 6 to 8 feet with tough, wrinkled foliage, immune to insects and disease. The flowers are large, single, and of a purplish red, followed by scarlet fruit.

2 to 3 feet \$.50
 3 to 4 feet75

SPIRAEA

AN HOUTTEI. (Bridal Bower.) By many this is regarded as the finest of all Spiraeas, and it is assuredly one of the most esteemed shrubs in cultivation. It forms an erect bush with graceful arching branches, well covered with neat, rich green foliage, and in early Summer a profusion of large, pure white flower clusters. Very hardy and most effective.

8 to 24 inches	\$.35	\$3.50
24 to 30 inch specimen bushes50	4.00
3 to 4 feet specimen bushes	1.00	10.00

S. BUMALDA. (Anthony Waterer.) A free-blooming compact shrub with bright crimson flowers in broad, flat heads. The foliage is often variegated with crimson, white, and yellow. Makes a desirable low-growing hedge.

	Each
1 1/2 to 2 ft.	\$.50
2 to 3 ft.75

S. OPULIFOLIA AUREA. (Virginian Guelder Rose.) An interesting variety of medium growth with golden-tinted foliage and large white flowers in June.

	Each
3 to 4 feet	\$1.00
4 to 5 feet	1.50

SYMPHORICARPOS

RACEMOSUS. (Snowberry.) A well-known dwarf shrub with pink flowers and white berries that hang on the plant the greater part of the winter.

2 to 3 feet \$.75

S. VULGARIS. (Indian Current.) Similar to the above, but with bright red fruit.

2 to 3 feet \$.75

WEIGELA

WEIGELA ROSEA. (Pink Weigela.) A very free-flowering shrub with an abundance of bright pink, somewhat tubular flowers. Like all the Weigelas, it blooms for a long time.

	Each
2 to 3 feet	\$.50
3 to 4 feet75

W. ROSEA VARIGATA. A low-growing variety with white margined leaves and almost pure white flowers.

2 to 3 feet	\$.50
3 to 4 feet75

W. EVA RATHKE. A hybrid variety and perhaps the most showy with dark brownish-red flowers, with a little lighter center. Flowers very profusely and is very popular.

2 to 3 feet	\$.50
3 to 4 feet75
